

Monthly report as of 30 June 2020

June performance up by 1.4%

- Positive contribution of private equity direct investments
- Add-on investment for Goldenes Haus Frankfurt

In June, Partners Group Generations Fund I increased by 1.4% and closed with a NAV per share of GBP 1.300. The favorable movement was largely attributable to the Fund's private equity direct investments. One such private equity direct investment is Refresco Holding, a Netherlands-based manufacturer of bottled soft drinks and fruit juices, which has been among the largest contributors to the performance this month. The company was written up based on good financial performance, which was largely driven by positive effects of synergies from its recent acquisitions.

From an investment perspective, the Fund increased its commitment in Goldenes Haus, a 33'234sqm, 9-story office building located in the City-West district in Frankfurt, Germany, to fund the additional capital expenditure works at the property. Necessary upgrades on the fire safety and climate control systems are needed to complete the planned refurbishment of the property and to facilitate the occupancy of the new tenant - Germany's development agency for agribusiness and rural areas, which is expected to commence in the fourth quarter of 2020.

Initially acquired in January 2018, the business plan involved re-leasing space from a departing tenant, which then accounted for approximately 50% of the total leasable space, restructuring of the existing lease of a technology services firm, and implementing a capital expenditure program to refurbish the property. To date, the value creation initiatives have been implemented significantly ahead of the business plan in terms of leasing pace and achieved rental rates. Upon commencement of the new lease during the fourth quarter of 2020, the property will be fully occupied with a weighted average lease term of 6.7 years. With the strong leasing activity and capex works expected to be completed in 2020, Partners Group will continue to explore exit opportunities for the Goldenes Haus Frankfurt.

This Fund might restrict outflows in the future.
